## KEY MILESTONES FROM THIS YEAR

### Clients

**We conducted a survey with local churches in our region and met with local ministry leaders to discuss deliverance. We also provided consultations to inquirers from our website form and direct emails.**

### Training Event

**Blake hosted an online training event with a group in the Mid-West over 3 weeks. Blake remains available to them for consultations as they are now ministering deliverance.**

### Admin

**We discovered our previous accountant filed our taxes improperly so we hired a new one to re-file our returns and resolve our issues. This resolution with the IRS was a significant financial burden and clerical headache to deal with. We are very thankful to Joe Miller of Accountax Enterprises II, Inc. for his assistance.**

We celebrate our third year of continued partnership with a local, woman owned small business and a local, black owned small business to host food drives. Together we fed our community members alongside our local food pantries.
